Enrolment Limited
University of Toronto
International Interprofessional
Wound Care Course

Accreditation
This event has been approved as an accredited group learning activity (40 GAs) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

This program meets the accreditation criteria of the College of Family Physicians of Canada and has been accredited for 40 Mainpro-M1 credits and 24 Mainpro-C credits.

The Continuing Education Office, Faculty of Medicine, University of Toronto designs this educational activity for a maximum of 40 Category 1 credits towards the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity. European registrants may claim AMA Category 1 credits due to a reciprocal agreement between the European Accreditation Council for CME and the American Medical Association.

Members of the American Academy of Family Physicians are eligible to receive up to 40 Physician's Recognition Award credits at this meeting due to reciprocal agreement with the College of Family Physicians of Canada.

This continuing nursing education activity has been submitted to the New York State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Course Fees
Physicians and Primary Care Providers  $3,000 CAD  $2,615 USD
Nurses, Allied Health Care Professionals and Trainees  $2,000 CAD  $1,745 USD
Employed by Industry  $4,500 CAD  $3,925 USD

(USD fees may vary according to daily exchange rate.)

Team Discount
Members of a multidisciplinary team may each receive a registration discount of 10%. The following conditions apply:
1. The team must include members of more than one discipline.
2. Applications and individual payment for all registrants in the team must be received together.
3. The team members will work in their team to complete their selective project requirements.

Refunds will not be issued for cancellations received after September 13, 2006. A processing fee of $100 will be retained on all cancellations. Requests for cancellation refunds must be in writing. Registrations are not transferable.

Please do not make travel arrangements until registration confirmation is received. Enrolment is limited.

The University of Toronto reserves the right to cancel courses. Registrants will be notified at the earliest possible date in the event of a cancellation. Tuition for courses cancelled by the University will be refunded, however the University will not be liable for any los, damages or other expenses that such cancellations may cause.

Toronto, Ontario, Canada

Affiliated with Cardiff University
Course Description
This 8-month course consists of two 4-day residential weekends, twelve self-study modules, and a selective related to each registrant’s day-to-day activities.

Goals and Objectives
Goal: To provide comprehensive educational experience for wound care specialists and to translate new knowledge into practice.
Objectives:
1. To assess and critically review wound care literature in key subject areas.
2. To integrate wound care principles by a self-directed learning program formulated with a learning contract.
3. To demonstrate the application of best practices by developing a selective related to the learner’s everyday activities.

Target Audience
This program is designed for wound care specialists with some training and experience. Our objective is to recruit a mix of physicians, nurses, and other health professionals working in the field or in related industry.

Qualifications
If you do not have a health professional degree, a letter from your employer stating that you have five years of wound care experience must be attached to this application.

Course Information
This program is currently under review for credit as part of a new flexible Master’s program in the Department of Public Health Sciences and the University of Toronto. For information please call Sandra Meiner at 416.323.6400 ext.4608.

An adult education course on Teaching and Learning with a Certificate of Completion, modeled on the IIWCC program, will be offered in Fall 2006 and Spring 2007. For information contact the Office of Continuing Education. Students interested in a Masters Program offered through Continuing Education, Faculty of Medicine, University of Toronto should contact Dr. Helen Batty at: h.batty@utoronto.ca
